Message

from the President

As 2020 comes to an end, it is a time to reflect on the past year and look forward and start to plan for the year ahead. As we know, between the Global Coronavirus, business challenges and the Political uncertainty, 2020 has been a challenging and difficult year for many to say the least.

Here at the ACIC Group of companies, we continue to work hard to grow the business and support our partners and clients in the best possible way. Although the way we are living and doing business has changed, our core principles have not. We continue to move forward and invest in the business and at the same time, do everything we can to give confidence for the future and keep our most important asset healthy and safe, our employees.

We have many new projects in the works throughout each division of the company and we look forward to a successful and bright future.

Thank you to our valued partners, clients and friends around the globe. I take this opportunity to wish everyone a Merry Christmas, and a happy, successful and most importantly healthy 2021. We hope to see you soon and in the meantime, be well and stay safe.

Yours truly,

Chris Rayfield
