Message

from the President

With the summer season upon us, we are optimistic and enthusiastic about the future. Over the past 18 months, there have been many challenges, but also many opportunities. The world has changed, both in the way we work and live, but we see signs of normalcy returning.

Here at the ACIC Group of Companies, we continue to work hard to grow the business and support our partners and clients in the best possible way. We continue to move forward and invest in the business and at the same time, do everything we can to give confidence for the future and keep our most important asset healthy and safe, our employees.

We continue to believe that the future is bright and are working hard to ensure success of not only our group, but also our valued partners and clients here in North America and around the world.

Thank you for your support and I take this opportunity to wish everyone an enjoyable summer and much success as we move towards better times. We hope to see you soon and in the meantime, be well and stay safe.

Yours truly,

Chris Rayfield
