ABOUT US

For over 50 years, ACIC has been a trusted partner for pharmaceutical companies worldwide delivering **turnkey solutions** such as **drug development, manufacturing, and market launch**.

Our **cutting-edge equipment** is designed to **maximize efficiency, ensure regulatory compliance, and accelerate time to market**. Whether you're a **start-up or a global leader**, our expertise and worldwide network help you stay ahead in a competitive industry.

ACIC connects the dots for your long-term success, ***From Molecule to Market with Innovation***. Let's Bring Your Vision to Life.

Contact us today to explore how we can help you succeed!

ACIC proudly partners with **Pharmagel Technology**, a global leader in semi-turnkey softgel encapsulation plants. Based in **San Colombano al Lambro (MI), Italy**, Pharmagel has over **60 years of experience** in designing and manufacturing tailor-made softgel encapsulation machines for both small-scale and large-scale production.

Pharmagel's comprehensive services include designing production lines and optimizing product formulations, ensuring seamless integration, and enhanced productivity. Their commitment to **research and development** keeps them at the forefront of softgel technology; delivering innovative solutions that meet the evolving needs of the **pharmaceutical, food, and biotechnology industries**.

Together, ACIC and Pharmagel provide cutting-edge softgel encapsulation solutions, combining engineering excellence with unparalleled industry expertise.

Softgel Encapsulation Machines

Ver.03/25

Pharmagel provides state-of-the-art manufacturing equipment and solutions designed to optimize every stage of the softgel production process. With a focus on efficiency, precision, and reliability, Pharmagel's technology ensures seamless operation from encapsulation to quality control.

Comprehensive Softgel Solutions:

- Softgel Encapsulation Machines
- Dehumidification & Drying Systems
- Preparation Equipment
- Inspection & Printing Equipment
- R&D Equipment
- In-Process Control Equipment

The efficiency of a softgel manufacturing plant depends on the seamless integration of multiple components, each playing a vital role in overall productivity and quality assurance. Pharmagel's solutions are designed to enhance workflow, consistency, and operational performance.

Pharmagel's Key Advantages:

- Advanced Production Equipment
- Support & Auxiliary Equipment
- Manufacturing Assistance
- Quality Control & R&D Solutions
- Air Treatment Systems
